

# The Refractive Thinker® Press

Good morning colleagues:

We are once again looking ahead to the next edition of the trademarked The Refractive Thinker® series.

With the popularity of our award winning series, we will be offering the next volume for Fall 2011 publication, *Volume VI: Post-Secondary Education*.

With the global reach of The Refractive Thinker® Family, please forward this email and invite your colleagues and doctoral student graduates to submit their abstracts via email ([drcheryllentz@gmail.com](mailto:drcheryllentz@gmail.com)) for consideration for inclusion

We will begin accepting abstracts beginning August 4th until we have obtained the minimum of 12 authors. Again, the focus is on the topic of post-secondary education.

This publication includes a Peer Review Board with both a content editor and an editor who specializes in APA format for review. In addition, there will also be a Refractive Thinker®: Vol VI Advisory Panel consisting of 3 members for this specific volume.

Thank you for sharing with your networks. Updates to all social media will be available shortly.

Cheers!

*Cheryl*
